Program

Data Regulatory 2022
Thursday, October 20, 2022, 14.00-17.00 hrs
TU/e campus, Disruptor Building - Room 0.35

This course is an initiative by e/MTIC (Eindhoven MedTech Innovation Center) and organized by SMPE/e (School of Medical Physics and Engineering).

The course is obligatory for all e/MTIC related PhD's and PostDocs.

Course contents
In this half day course the following data related topics are discussed:

1. Research Data Management
2. Fundamentals of the General Data Protection Regulation (GDPR)
3. How to treat personal data in research
4. e/MTIC workflow on agreements etc.

Course objective
After this course you will have a good working knowledge on Research Data Management and the GDPR and how to work safely with personal data in research.
